of EE Div)

6 December 1955

MEMORANDUM FOR: Colonel White

SUBJECT : Inspector General's Survey of the EE Division

25X1A

1. The report on the Inspector General's Survey of the EE Division, dated 20 May 1955, included the following as Recommendation #22:

[REDACTED]

2. General Cabell in September asked the Deputy Director (Support) to comment on this, along with several other recommendations. We had forwarded this recommendation to the Office of Security and asked for their comments and an indication of action being taken. The Office of Security indicated in October that it would be some time into November before they would be able to reach any conclusions.

3. On 13 October Mr. Lloyd furnished a report to General Cabell in which he indicated that a final report on this matter (along with several others then unresolved) would be furnished as soon as the information was available.

4. The attached memorandum from the Director of Security presents his recommendations on this subject, and they should now be passed on to General Cabell. I talked to Colonel Edwards, and he had discussed this problem with [REDACTED], who agreed with the position expressed. This has not been formally coordinated with DD/P, although it will affect mostly DD/P personnel. Colonel Edwards felt that the Deputy Director (Plans) would concur in this approach.

5. In view of the fact that a "policy guidance paper" was to be produced, I feel we should have DD/P and DD/I concurrences on any paper we send to General Cabell. If you agree, there is prepared for your signature and attached hereto a memorandum to the Director of Security, asking him to prepare a paper which has received the concurrence of the DD/I and the DD/P for forwarding to General Cabell.
